# WE PROVIDE BEST EDUCATION SERVICES FOR YOU.

## ABOUT US

The Sparks Petroleum Services came into existence in April 2009 as a training institute. The company was renamed Sparks Training Institute (STI) in 2016. Sparks Training Institute LLC (STI) is a training institute for the drilling, well services and Health and Safety industries, founded by industry professionals passionate about improving performance. Since our launch in 2009, we have developed and delivered innovative training solutions and have been industry pioneers in introducing Scenario based Well Control training incorporating Human Factors. The STI is delivering well control and stuck pipe courses approved by IWCF and IADC, and Health and Safety courses approved by HSE, NEBOSH, OSHA and IOSH. The STI is also providing in-house well control and HSE courses. It is expanding its services of competency assessment from 2021. With the beginning of 2022, we introduced Management and Financial Training and Consultancy services carried by the industry experts to fulfil our vision to extend our quality training to the middle east and beyond. We offer these courses to the Management and financial levels along with soft skills and preparation courses to the junior and middle management and staff. We offer consultation in developing the human capital and improving the business in general.

---

**Mission:** Quality well control, health and safety, environmental, management and soft skills training and consultancy are SPI's missions.

---

**Vision:** Through its quality training program, STI strives to reach out to the MENA region and beyond.
